**5:00 Show**

Join the Morris County Ski Club for a special evening at Radio City Music Hall. This all-new show, created by an Oscar and Tony Award winning team and featuring the **Rockettes**, **Laura Benanti from ABC's Nashville** and **Derek Hough from Dancing With The Stars**, is a whirlwind adventure across the city that tells an inspiring and hopeful story about three New Yorkers who change each other's lives in unexpectedly wonderful ways.

The New York Spring Spectacular will bring the audience on a journey through New York City, visiting historical landmarks while having the Rockettes perform new dance numbers, with incredible 3D special effects, large-scale puppetry and exciting soundtrack of original songs, classic and pop hits. Joining Whoopi Goldberg, who voices the Statue of Liberty puppet and Bella Thorne, who voices the Alice in Wonderland statue, are Tina Fey and Amy Poehler, who will be lending their voices to The New York Public Library lion statues.

The production will also include celebrity video cameos by 50 Cent, Odell Beckham Jr., Victor Cruz, Walt Frazier, John Leguizamo, Al Michaels, Kelly Ripa, Mariano Rivera and Sam Rosen, in addition to the previously announced cameos by Carmelo Anthony, Henrik Lundqvist, Martha Stewart and Donald Trump.
